

## WHAT DOES IT INVOLVE?

- We will meet virtually or in-person, once every half term, for one hour.
- We want to listen to **your ideas and feedback** on our children and young peoples services and SEND

Topics that we might talk about include:

- Our YOUTH MATTERS newsletter
- Services that you use or would like to see made available
- Our posters, leaflets and social media - do they work for you?
- SEND issues affecting young people

## WHY JOIN US?

- We want to hear young peoples voices and ideas because our service is for you!
- We want to make sure our information and activities meet young people's needs.
- We want to give you a space to talk about SEND issues that affect you and to celebrate your achievements!
- We aim to make a safe, relaxed space where you can meet new people, listen and be heard.

## CREATING A SAFE, INCLUSIVE & OPEN SPACE

- No question is a silly question!
- We take time to understand and respect everybody's language and needs.
- You can bring an adult with you for support if you need to.

## WHATS IN IT FOR ME?

- It's an opportunity to have your voice heard, share good news and make positive change for young people with SEND.
- It looks great on your CV! Employers are impressed by young people with experience of working with others.
- It's a great space for making friends.
